task	An action that is supposed to be completed by an individual or a group
username	The name user give themselves to recognize each other
profile	A page that contains a user's personal biography and active groups
(DM) direct message	A message sent in private to another specific user
deadline	A particular date in which a task should be completed
account	An email and password pair
user	A person who has downloaded the application and has made an account
invitation	A prompt to join a group with confirm and decline buttons that will last forever
settings	Account information and app customization options.
administrator	A user with given special privileges like the owner of a group
owner	A user who has created the group and is the main user in charge
group member	A user that has joined a group will be listed as a **member** of that group and is allowed to partake in group activities
confirmation	A pop-up that usually displays a "yes" or "no" option, usually paired with crucial actions within the app

Acceptance Test - 1: Account Creation

Status	Completed
Description	As a user, I want to create an account so that I can have a personalized feed and join my own groups.
Workflow	1. The tester shall tap the "Register" button. 2. The tester shall input a name, a valid email, and a password. 3. The tester shall tap the "Sign Up" button. 4. The tester shall input the email and password that was used to sign up. 5. The tester shall tap the "Log In" button.
Expected Result	The test case passes when the tester is redirected to the login page and now has an account.
Actual Result	

Acceptance Test - 2: Login

Status	Completed
Description	As a user, I want to login to my account so that I can access all of my personalized features and use the application.
Workflow	1. The tester shall tap the "Log In" button. 2. The tester shall input their email and password. 3. The tester shall tap the "Log In" button.
Expected Result	The test case passes when the tester is logged onto the app and is redirected to the home page.
Actual Result	

Acceptance Test - 3: Logout

Status	Completed
Description	As a user, I want to logout of my account so that I can secure my information after I am done using the application.
Workflow	1. The tester shall click on the "My Profile" tab to be directed to the profile page. 2. The tester shall click on the "Logout" button at the bottom of the screen.
Expected Result	The test case passes when the tester is logged out and is redirected to the start page
Actual Result	

Acceptance Test - 4: Password Reset

Status	Completed
Description	As a user, I want to recover my password so that I can gain access to my account again because I forgot.
Workflow	1. The tester shall click on "Forgot password" on the "Login" page. 2. The tester shall type in the user email. 3. The tester shall click the "Send" button. 4. The tester shall open the password reset email that was sent. 5. The tester shall click the link provided. 6. The tester shall type in their new password twice.
Expected Result	The test case passes when the tester is able to log into the app using the new password.
Actual Result	

Acceptance Test - 5: Create Group

Status	Completed
Description	As a user, I want to create a group so that I can communicate with group-mates quickly and efficiently.

Workflow	1. The test shall click on the groups tab on the bottom navigator to be directed to the "My Groups" page
	2. The tester shall click the "Create New Group" icon in the top right corner
	3. The tester shall enter a
	    a. group name
	    b. group description
	    c. group icon
	4. The tester shall click the "Create Group" button

Expected Result	The test case passes when the tester sees a new group in their "My Groups" page with the details that they filled out to create a new group.
Actual Result	

Acceptance Test - 6: Join Group

Status	Completed
Description	As a user, I want to join multiple groups so that I can interact with clubs and roommates, and keep my responsibilities organized.
Workflow	1. The tester shall click on the discover groups tab in the navigator to direct to the "Discover" page 2. The tester shall search for a group. 3. The tester shall click on the group and proceed to click on the "Join Now" button.
Expected Result	The test case passes when the tester has access to the group and sees it listed under their groups.
Actual Result	

Acceptance Test - 7: Edit Group

Status	Completed
Description	As a user, I want to edit a group so that I can make sure members don't see misleading information and the group can stay updated with new information.
Workflow	1. The tester shall tap on the "Edit Group" button at the bottom of a group page. 2. The tester shall edit the name and/or description to their liking. 3. The tester shall tap on the "Done" button to edits. 4. The tester shall see the "My Groups" page with the updated description and privacy settings.
Expected Result	The test case passes when the system displays the correct name and description of the group.
Actual Result	

Acceptance Test - 8: Delete Group

Status	Completed
Description	As a user, I want to delete a group so that I can clear up space on the app because the group is no longer active.
Workflow	1. The tester shall be on the group's page 2. The tester shall click on the "Edit Group" button at the bottom of the screen 3. The tester shall click on the trash can icon in the top right corner 4. The tester shall no longer see the group under the "My Groups" page
Expected Result	The test case passes when the system no longer displays the group in the "My Groups" page and the "Discovery" page.
Actual Result	

Acceptance Test - 9: Search Groups

Status	Completed
Description	As a user, I want to discover groups so that I can have a central list of all groups that may fit my interests.
Workflow	1. The tester shall tap on the "Discover" tab from the navigation bar. 2. The tester shall be able to search for groups and see what groups are available across the application.
Expected Result	The test case passes when the tester can search for groups to join on the "Discover" tab.
Actual Result	

Acceptance Test - 10: View Group Page

Status	Completed
Description	As a user, I want to view joined groups so that I can have a list of all the groups I am currently a member of.
Workflow	1. The tester shall tap on the "My Groups" tab on the navigation bar. 2. The tester shall see the groups they are in on the "My Groups" tab.
Expected Result	The test case passes when the system displays the groups they have joined in the "My Groups" tab.
Actual Result	

Acceptance Test - 11: View Group Members

Status	Completed
Description	As a user, I want to view group members so that I can see who is a part of my group.
Workflow	1. The tester shall tap on the group they want to view from the "My Groups" page. 2. The tester shall be able to see who is a part of the group under the members section.
Expected Result	The test case passes when the system displays all the current members of the group within the group page.
Actual Result	

Acceptance Test - 12: Leave Group

Status	Completed
Description	As a user, I want to leave a group as I no longer want to be affiliated with the group.
Workflow	1. The tester shall tap on a group from the "My Groups" page that they want to leave. 2. The tester shall tap on the "Leave Group" button at the bottom of the group page. 3. The tester shall be redirected to the "My Groups" page.
Expected Result	The test case passes when the system redirects the tester to the "My Group" page with the group no longer shown.
Actual Result	

Acceptance Test - 13: Create Post in a Group

Status	Completed
Description	As a user, I want to post inside a group so that I can make an announcement inside the group.
Workflow	1. The tester shall tap the "My Groups" button on the navbar. 2. The tester shall tap a group that they want to post in. 3. The tester shall tap the "Add Post" button in the posts section. 4. The tester shall enter a title and body for the input fields. 5. The tester shall tap the "Create Post" button.
Expected Result	The test case passes when the system displays the post on the group page that the post has been created in.
Actual Result	

Acceptance Test - 14: Edit Post

Status	Completed
Description	As a user, I want to edit a post inside a group so that I can make a change to the post so others are not misled.
Workflow	1. The tester shall tap the "My Groups" button on the navbar. 2. The tester shall tap a group that they want to edit a post from. 3. The tester shall tap the on the post they would like to edit. 4. The tester shall tap on the "Edit" button on the bottom of the popup. 5. The tester shall make their desired changes. 6. The tester shall tap the "Done" button.
Expected Result	The test case passes when the system displays the edited post in the posts list in the groups page.
Actual Result	

Acceptance Test - 15: Delete Post

Status	Completed
Description	As a user, I want to delete a post inside a group so that I can clear space on the group page.
Workflow	1. The tester shall tap the post they would like to delete. 2. The tester shall tap on the "Edit" button on the bottom of the popup. 3. The tester shall tap on the trashcan icon on the upper right corner of the screen of the form.
Expected Result	The test case passes when the system no longer displays the post on the group's post lists.
Actual Result	

Acceptance Test - 16: View Post

Status	Completed
Description	As a user, I want to view a post inside a group so that I can see the entire details of a post.
Workflow	1. The tester shall tap on a post they would like to view on the posts list on the group page.
Expected Result	The test case passes when the system displays a popup displaying the details of the post including the title and body.
Actual Result	

Acceptance Test - 17: Create Event

Status	Completed
Description	As a user, I want to create an event so that I can inform students of an upcoming event and increase attendance.
Workflow	2. The tester shall tap the "Add Event" button 3. The tester shall enter information for the event name, date and time, and event description. 4. The tester shall tap the "Create Event" button when done.
Expected Result	The test case passes when the system displays the new event with the details on their group page.
Actual Result	

Acceptance Test - 18: View Event

Status	Completed
Description	As a user, I want to view an event so I can see the specific details.
Workflow	1. The tester shall navigate to the groups tab (3rd icon on nav bar). 2. The tester shall tap on the group that the event is in. 3. The tester shall tap on the event at the bottom of the group page.
Expected Result	The test case passes when the system displays the pop up with the details about the event.
Actual Result	

Acceptance Test - 19: Edit Event

Status	Completed
Description	As a user, I want to edit an event so that I can keep other users updated on the specifics of the event.
Workflow	1. The tester shall tap on the group that the event is in. 2. The tester shall click on the event. 3. The tester shall tap the "Edit" button. 4. The tester shall change the information of the event. 5. The tester shall tap the "Done" button.
Expected Result	The test case passes when the system displays the newly updated details of the event.
Actual Result	

Acceptance Test - 20: Delete Event

Status	Completed
Description	As a user, I want to delete an event so that I can keep my events page less cluttered by deleting an event that has passed or must be canceled.
Workflow	1. The tester shall be on the group page and click on the event that they would like to delete. 2. The tester shall tap on the "Edit" button on the bottom. 3. The tester shall tap on the trash can icon in the top right corner.
Expected Result	The test case passes when the system no longer displays the sample event on their My Events page.
Actual Result	

Acceptance Test - 21: Create Task

Status	Completed
Description	As a user, I want to create a task so that I can hold other users accountable and stay organized.
Workflow	1. The tester shall tap on "Add Task (+)" from the tasks list section of the group page. 2. The tester shall fill in the task, name, due-by date, and additional information input fields. 3. The tester shall tap on the "Done" button.
Expected Result	The test passes when the tester sees the task added to the tasks list on the group's page.
Actual Result	

Acceptance Test - 22: Edit Task

Status	Completed
Description	As a user, I want to edit the task so that I can change settings of a task in case I messed up the first time.
Workflow	1. The tester shall be the group with the task that they would like to edit. 2. The tester shall tap on the task they wish to edit. 3. The tester shall make any changes they wish to make to the task. 4. The tester shall tap the "Done" button.
Expected Result	The test case passes when the system displays the edited task on the tasks list on the selected group's page.
Actual Result	

Acceptance Test - 23: Delete Task

Status	Completed
Description	As a user, I want to delete the task so that I can remove tasks once completed or if tasks can no longer be completed, I can remove from my schedule.
Workflow	1. The tester shall be on the group page with the task they would like to delete. 2. The tester shall tap on the task they would like to delete. 3. The tester shall tap the "Edit" button at the bottom of the task. 4. The tester shall tap on the trash can icon in the top right corner.
Expected Result	The test case passes when the system no longer displays the sample task on their My Tasks page.
Actual Result	

Acceptance Test - 24: View Task

Status	Completed
Description	As a user, I want to view the information of a particular task.
Workflow	1. The tester shall scroll down to the tasks in the group page. 2. The tester shall view the list of tasks. 3. The tester shall tap on the sample task they want to view the details of. 4. The tester shall see the details of the sample task which includes a due-by date and additional information/details.
Expected Result	The test case passes when the system displays the details of the sample task which includes a due-by date and additional information/details.
Actual Result	

Acceptance Test - 25: Complete Task

Status	Completed
Description	As a user, I want to mark the task complete and remove it from the list.
Workflow	1. The tester shall navigate to the my groups page and enter the specific group. 2. The tester shall scroll down to the tasks in the group page. 3. The tester shall view the list of tasks. 4. The tester shall tap on the sample task they want to view the details of. 5. The tester shall see the details of the sample task which includes a due-by date and additional information/details. 6. The tester will tap on the complete button.
Expected Result	The test case passes when the system removes the task and the tester no longer sees it on the groups page.
Actual Result	

Acceptance Test - 26: View Profile

Status	Completed
Description	As a user, I want to view my profile so that I can personalize my account with information about myself.
Workflow	1. The tester shall tap on the profile icon (4th icon on the navigation bar)
Expected Result	The test case passes when the system displays the user's details on the profile page.
Actual Result	

Acceptance Test - 27: Edit Profile

Status	Completed
Description	As a user, I want to access user settings so that I can personalize my app experience for specific notifications and personal biography.
Workflow	1. The tester shall tap on the pencil icon above the tester's name. 2. The tester shall input the Name, Pronouns, Major, Graduation Year, and Email fields they desire. 3. The tester shall tap on the pencil Icon when they are done to save the changes. 4. The tester shall tap on the settings icon on the top right of the page. 5. The tester shall tap on the sliding icon to turn on push notifications. 6. The tester shall tap on the back icon to return to the "Profile" page.
Expected Result	The test case passes when the system displays edited information in the tester's personal bio and notification settings.
Actual Result	

Acceptance Test - 28: Delete Account

Status	Completed
Description	As a user, I want to delete an account so that I am no longer associated with that personal account and I want to erase all traces of the account creation.
Workflow	1. The tester shall tap the "My Profile" tab on the navbar. 2. The tester shall tap on the pencil icon. 3. The tester shall tap the "Delete Account" button. 4. The tester shall be redirected to the start page.
Expected Result	The test case passes when the tester is no longer able to log into their account with their email and password.
Actual Result
